ABOUT US

Locally owned, family run business based in BC

Since 2001, Coastal Water Store has delivered high quality bottled water and filtration systems to homes, businesses, organizations and job sites across Vancouver Island.

We provide purified, spring, deionized and alkaline water in BPA free bottles, along with cooler rentals, bottleless water systems and accessories. Our team focuses on reliable delivery service and flexible schedules tailored to your needs.

Choosing Coastal Water Store supports a local company built on long standing relationships, community values and consistent service you can count on.

Water solutions for every home and business

Coastal Water Store supplies purified, spring, alkaline and deionized water, along with coolers, bottleless systems and BPA free bottles. Our service supports residential, commercial and industrial clients across BC.

Whatever you need, we have it!
